

## Login

## Profile

A mobile application interface for a profile form. The screen is black with a white status bar at the top showing signal strength, battery, and time (8:30 PM). Below the status bar is a green header with the word "Profile" in white. To the right of the header is a brown vertical bar with three white dots. The form itself is white and contains several input fields with labels to their left. The fields are: "Name" with the value "Paul Sebeikin", "Email" with the value "paulsebeikin@hotmail.com", "ADU" with the value "16843", "Country" with the value "(default)", "Province" with the value "(default)", "Nearest Town" with the value "(default)", and "Project" with the value "(default)". Each of the last four fields has a small downward arrow on the right side, indicating they are dropdown menus. Below the form fields is a red "Save" button. At the bottom of the screen, there is a black navigation bar with three icons: a white hamburger menu icon on the left, a grey oval button in the center, and a red square button with a white circular arrow icon on the right.

## New Record (1)

A mobile application interface for creating a new record. The screen is framed by a black border with a home button at the bottom center and a red square button with a circular arrow icon at the bottom right. The status bar at the top shows a white square, signal strength bars, a battery icon, and the time 8:30 PM. The main content area has a green header with the text "New Record" and a brown menu icon on the right. Below the header, there is a section for adding an image with a red square button containing a white plus sign. The GPS section includes labels for "GPS\*", "Lat:", "Long:", and "Alt:" followed by text input fields. The "Project\*" field is a dropdown menu currently showing "Project". The "Date\*" field is a date picker showing "//" next to a calendar icon. A red "Next >" button is located at the bottom right of the form area.

## New Record (2)

A smartphone screen displaying a 'New Record' form. The status bar at the top shows a white square icon, cellular signal bars, a green battery icon, and the time '8:30 PM'. The app header has a green background with the title 'New Record' and a brown menu icon on the right. The form contains three dropdown menus for 'Country\*', 'Province\*', and 'Nearest Town\*', and a large text area for 'Description (locality, scent, sound) \*'. At the bottom are 'Submit' and 'Next >' buttons, and a microphone icon. The phone's home bar at the very bottom features a hamburger menu icon, a home button, and a red square button with a white refresh icon.
